Why Sprint?

Gmail, Google Drive, Calendar, Hangouts, Docs, Sheets, Slides and more.

Whichever option you choose, everyone gets the same intuitive G Suite experience across their favorite desktop and mobile devices—all with the added agility and seamless collaboration only found in a cloud-based environment.

But that's not all...

To ensure your G Suite deployment goes off without a hitch, we'll work closely with you to configure everything to your company's preferences. And we won't disappear once the work is done either.

Our Sprint Carefree Cloud support helps take the hassle out of deploying your G Suite solution with true end-to-end support—whenever and however you need it.

Here are just a few benefits you will get with Sprint Carefree Cloud:

- Consultation, deployment and device configuration support
- 24/7 online ticketing for both your admins and helpdesk staff
- G Suite Certified live agent support for all implementation needs
- Online user training available online anytime, anywhere
- Admin and helpdesk break / fix support

And because G Suite from Sprint is easily scaled, we're able to provide the same service, no matter how your business changes.
